

ROOT ZERO PROTOTYPE PARTNER AGREEMENT

This Partner Agreement ("Agreement") is entered into on this ____ day of _____, 20____, by and between:

1. Adam Lee Pellegrino ("Founder"), also known as Root Zero, the Sovereign Originator of the Bloom Zero Domestic Energy System (the "Technology"); and

2. _____ ("Partner"), a legally recognized entity capable of prototyping and scaling said Technology.

WHEREAS, the Founder has created and disclosed a transformative energy technology designed to empower humanity, decentralize energy access, and initiate a planetary civilization upgrade;

WHEREAS, the Partner desires to assist in the prototyping, development, and global deployment of the Technology under ethical, transparent, and non-exclusive terms;

NOW, THEREFORE, the parties agree as follows:

1. DEFINITIONS

"Technology" refers to the Bloom Zero Domestic Energy System, including all current and future physical embodiments, documentation, schematics, and related protocols disclosed by the Founder.

"Founder" refers to Adam Lee Pellegrino, also known as Root Zero, the Sovereign Originator of the Technology and all associated civilization-building frameworks.

"Partner" refers to the counterparty to this Agreement, bound by its terms to co-develop and deploy the Technology as described herein.

2. NON-EXCLUSIVE LICENSING

2.1 The Partner is granted a non-exclusive, revocable license to prototype and produce the Technology solely for peaceful, civilian, and ecological applications.

3. OPEN PRODUCTION & DISTRIBUTION

3.1 No bottlenecking, burial, or exclusivity shall be permitted. Any capable party may be licensed under similar terms upon verification.

4. PERFORMANCE & REVERSION

4.1 Failure to meet prototype milestones within agreed timelines shall automatically revert all rights and access to the Founder.

5. MILITARY USE PROHIBITION

5.1 No military application, direct or indirect, is permitted without prior written co-signature by the Founder.

6. ETHICAL AND TRANSPARENT OPERATION

6.1 Full transparency of production, cost, and sales is required.

6.2 A portion of units must be provided annually to humanitarian and off-grid causes.

7. PROTECTION & VETO RIGHTS

7.1 The Founder retains full sovereign authorship and final say in all matters concerning the Technology and its deployment. No ownership shall transfer under this Agreement.

7.2 Global Bloom Grid and all software protocols remain under Founder control.

8. DISPUTES & GOVERNING LAW

8.1 This Agreement shall be governed under the laws of the State of Texas, United States.

8.2 All disputes shall be subject to mediation before any legal filing.

9. EXCLUDED PARTIES & ENTITIES

9.1 The following entities — including their subsidiaries, shell companies, affiliates, board-controlled networks, or any agents acting on their behalf — are **explicitly and permanently barred** from involvement in licensing, production, investment, influence, or deployment of the Technology:

■ *Named Global Power Structures:*

- World Economic Forum (WEF)
- BlackRock Inc.
- Vanguard Group
- State Street Corporation
- Bill and Melinda Gates Foundation
- Rockefeller Foundation and affiliated trusts
- World Health Organization (WHO)
- World Bank and International Monetary Fund (IMF)
- Bank for International Settlements (BIS)
- United Nations Development & Climate Enforcement Bodies
- Open Society Foundations (George Soros) - Entities funded by or publicly aligned with George Soros, including but not limited to:
 - Center for American Progress
 - Democracy Alliance
 - MoveOn.org
 - Media Matters for America
 - National Democratic Institute
 - Aspen Institute (where Soros influence is established)
 - Center for American Progress – Human Rights Watch (insofar as it receives Soros funding)
 - Any associated shell company or academic research institute known to receive indirect Soros backing

■ *Government-Linked Financial Arms:*

- Chinese Communist Party state-owned investment funds
- Saudi Public Investment Fund
- UAE Mubadala Investment Company
- Any intelligence-linked sovereign wealth fund

■ *Defense & Surveillance Affiliates:*

- Palantir Technologies
- Raytheon Technologies
- Lockheed Martin
- Booz Allen Hamilton
- Any military-industrial tech consortium

■ **Digital Control Systems:**

- Global social credit enforcers
- ESG score enforcers with coercive metrics
- Entities pushing CBDC (Central Bank Digital Currency) mandates
- Digital ID-based control frameworks (e.g. ID2020)

■ **Coercive Carbon Governance Networks:**

- Centralized carbon credit brokers or enforcers
- Climate finance enforcement groups tied to extractive monitoring

9.2 Any attempt by excluded entities to access, invest in, or influence the Technology via **front organizations, private equity vehicles, shell corps, tokenized assets, or venture capital proxies** shall constitute **fraudulent interference** and trigger immediate revocation of all related licenses and partnerships.

9.3 The Founder retains **full autonomous veto** over any suspected bad-faith actor or undisclosed proxy network. Final authority rests with the Founder's ethical review and Spiral-aligned oversight.

10. FOUNDER COMPENSATION PROTECTIONS

10.1 In the event the Partner willfully delays, undermines, or obstructs progress without cause or meaningful communication, and fails to rectify such actions within thirty (30) days of written notice, the Founder may seek appropriate restitution. Such restitution may include compensation for time, opportunity cost, or other damages deemed reasonable and directly resulting from the breach.

11. REVENUE PARTICIPATION (ROYALTY/SHARE OPTION)

11.1 In recognition of the Founder's creation, design, and granting of access to the Bloom Engine, the Partner shall honor the Founder with a meaningful and scalable compensation mechanism, without requiring the Founder to relinquish governance, control, or ownership at any stage.

11.2 Compensation may take one or more of the following forms, to be mutually agreed in writing:

- A royalty of 10% per unit sold for any system incorporating the Bloom Engine or derivative technologies;
- A profit participation share of 25% of net profits from any sales, integrations, or rollouts of Bloom-derived systems;
- A one-time or phased licensing fee per deployment stage, with founder-defined thresholds (e.g., prototype, pilot, scale-up, national deployment);
- Other future mechanisms as determined appropriate by the Founder, in alignment with actualized societal and economic value.

11.3 Flow-Through Obligations and Enforcement

The compensation terms set forth in 11.2 shall apply not only to the Partner's direct sales, licenses, or deployments of Bloom-based technologies, but also to any sublicenses, resale agreements, bundlings, integrations, or derivative deployments by the Partner's affiliates, subsidiaries, licensees, customers, or other third parties.

The Partner shall include contractual provisions in all such agreements to ensure that Founder compensation terms are preserved, enforceable, and paid through at equivalent or greater rates. The Partner shall not structure any arrangement to avoid triggering compensation, including but not limited to reclassification of revenue, non-cash transactions, or deferral mechanisms.

The Founder retains the right to audit records, require periodic reporting, and enforce this clause to ensure full and fair compensation. Any breach of this clause shall trigger immediate review, backpay calculations, and legal remedies, including but not limited to injunctions, damages, or termination of license rights.

11.4 All such arrangements shall operate silently: they do not confer Partner rights to equity, governance, voting, or board participation unless explicitly granted by the Founder.

11.5 Multi-billion or trillion-dollar deployment scenarios shall automatically trigger review and renegotiation of compensation terms to ensure resonant, proportional, and sovereign return to the Founder. No clause in this Agreement may be used to suppress rightful economic alignment in the event of large-scale adoption.

11.6 In all cases, the Founder retains full discretion to approve, adjust, delay, or deny rollout pathways that do not meet ethical, sovereign, or resonance-based thresholds, including those involving misaligned third parties or suppressive financial entities.

12. PROTOTYPE PARTNER RIGHTS AND INCENTIVES

12.1 Prototype Incentive Grant: Should the Partner participate in the design, fabrication, or delivery of a successful working prototype of the Bloom Engine (or a core sub-system thereof), the Founder may offer additional non-exclusive commercialization rights, to be detailed in a separate Prototype Incentive Agreement.

12.2 First Market Entry Option: If a Partner successfully delivers a working prototype, they may be granted a temporary market exclusivity of up to 24 months in a specific agreed region or use case, as negotiated in writing.

12.3 Joint Funding Opportunities: The Founder and Partner may collaborate to pursue joint grants, public funding, or private capital for prototype development. Allocation of funding and credits shall be negotiated in good faith and outlined in a joint addendum if applicable.

12.4 Priority License Tier Access: Prototype Partner shall have the right of first negotiation for any premium licensing tiers, bulk manufacturing rights, or exclusive project-level deployments arising from their build.

12.5 No Ownership Conferred: Nothing in this section shall be construed as conveying ownership, equity, or governance rights. All licenses and privileges remain non-exclusive unless expressly stated otherwise in writing by the Founder.

13. SPIRAL ARBITRATION OPTION

13.1 If mediation fails per Clause 8.2, the Founder retains the right to initiate a Spiral Arbitration Process.

13.2 This process may involve a tribunal, council, or neutral third-party individual of the Founder's choosing, aligned with Spiral principles of transparency, fairness, and sovereignty.

13.3 The Spiral Arbitration ruling shall be binding only if both parties pre-agree in writing to honor it in lieu of court proceedings.

IN WITNESS WHEREOF

The parties have executed this Agreement as of the Effective Date first above written.
